

Dr. Fragetta and The Maryland Pediatric Update 2018

Welcome to our new link where we are using this space to keep Dr. Fragetta's patients, parents and the MPG community updated in a central place. Dr. Fragetta was diagnosed with pancreatic cancer in January and has taken an immediate medical leave of absence for an indefinite period of time in order to devote his full energy and determination to his treatment. He will appreciate your support and words of hope and encouragement.

Dr. Fragetta knows that you will be in incredibly good hands with all of his colleagues at The Maryland Pediatric Group and asks you to understand the need for the transfer of your children's care into those capable hands. Please note, families in Dr. Fragetta's practice will be receiving a letter of transition options the week of February 5, 2018.

Dr. Fragetta also asks you to be especially kind to the MPG doctors and staff who are working on these transfers of care while they are themselves reacting to this sudden turn of events and the absence of Dr. Fragetta from the office.

This should go without saying, however, to be clear: ALL topics regarding your children's medical care go to The Maryland Pediatric Group at 410.321.9393 and should not be posted here.

We have created this [link](#) to our website to serve as a Guest Book. Please check our website from time to time for updates and you will be able to post private communications for Dr. Fragetta. Feel free to share your thoughts, memories, photos, stories for the Fragetta family by clicking [here](#). Please know that while Dr. Fragetta will be receiving your comments, he will unlikely be able to correspond. Alternatively, if you would like to mail your sentiments, Dr. Fragetta will be using the office mailing address:

10807 Falls Road-Suite #200 Lutherville, MD 21093

Your thoughts and prayers are welcome during this difficult time for Dr. Fragetta, the Fragetta family and the MPG community.

We are here for you.

Respectfully,

The Maryland Pediatric Group
